

## **Notice to the Profession and Public**

### **COVID-19 – Electronic Hearings Extended to January 1, 2022**

**October 19, 2021**

In the [July 21, 2021 Notice to the Profession and Public](#), the Court of Appeal announced that effective November 1, 2021, it would resume in-person proceedings for all appeal sittings and applications before three-judge panels. The purpose of this Notice is to advise that, unless otherwise directed, all proceedings—including applications before a single judge, Appeal Conferences, Appellate Judicial Dispute Resolution and Bar Admissions—will continue to be heard electronically by videoconference or teleconference until January 1, 2022.

The decision to extend the use of electronic hearings has again been guided by several considerations including the current public health status of the province, Alberta's September 15, 2021 declaration of a state of public health emergency along with related new measures now in place, and the continuing need to preserve the health and safety of all Court participants by minimizing traffic to the courthouses.

Access to all courthouses in Alberta will continue to be restricted in accordance with the Courts' [Notice dated November 27, 2020](#). The mask requirements set out in the Courts' [Notice dated July 3, 2020](#) will also continue to apply to individuals attending at courthouses.

To provide a safe location for all individuals who voluntarily come to or who are compelled to attend court, the Courts have implemented vaccination policies for all Court staff and those wishing to access the secure areas of Alberta courthouses. Details are set out in the following notices:

- [September 21, 2021 – All Courts' Vaccination Policy for Access to Restricted Workspaces](#)
- [October 1, 2021 – All Courts' Vaccination Policies for Access to Courtrooms](#)

The current processes and guidelines for electronic hearings set out in the March 23 and July 6, 2020 Notices to the Profession and Public will continue to govern. The links to those Notices are:
